

Specifications:

Description:

Halius Flowa central AC IoT gate way for different type ac available in the market. User friendly configuration makes installation easy. Highly reliable and ensure steady and seamless operations. Din rail Mounting, different type protocol handling. LED indicator for stus reading. DC power supply ensure low voltage operating environment and also low power consumption.

Construction:

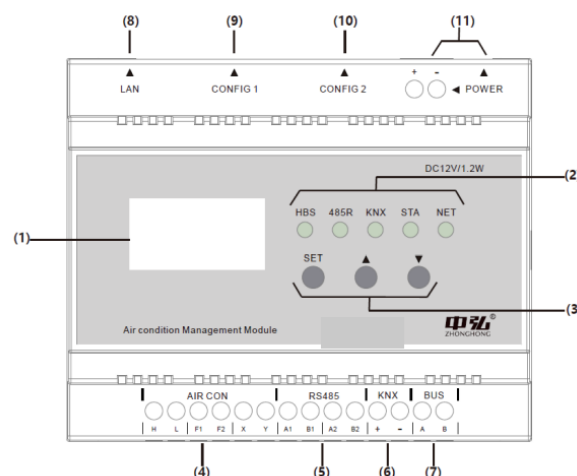

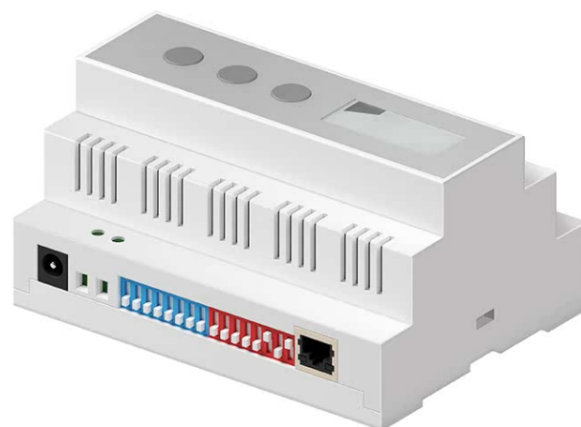

- Smart temperature adjustment.
- Energy consumption saving.
- Scheduled task.
- Work with Amazon Alexa
- Flameresitant ABS.
- Show status of the Gateway
- Different protocol terminals.
- Low Power consumption.
- Support most leading brand air conditioner.

Performance:

Input Power	DC 12V
Consumption	<1.2W
Button	Dial switch 2, Set, Up, Down
Indicator	Yes
Interface	Control output 14, DC power in, RJ45
Radio Protocol	CoSS
Signal Distance	100m
Display	Backlit display
Body Material	Flameresitant ABS
Dimension(LxWxH)	105x86x58mm
Finish	White
Operating Temperature	-20 to 85°Cdegree
Operating Humidity	<80%
Voice Control	Yes
App Control	Yes
Weight	200g
