

Orion

Multi Function Gateway with Knob and Screen

Specifications:

Description:

Halius Orion Smart multifunction controller and gateway for intelligent home control. Elegant look and stylish design make more attractive. User friendly interface help to easy operations. Multi communication protocol support. Different type sensor integrated for smart and accurate operations, Microphone and speaker integrated.

Construction:

- Quad-Core Cortex A7 CPU.
- Android OS.
- Type C power input.
- Compact size and easy installation.
- Elegant look.
- Temperature, Humidity, CO2, PM2.5 sensor.
- Microphone and speaker integrated
- Application control.
- Voice Control.

Performance:

Input	5V 2A
Screen	1.39 Inch
Resolution	454x454 pixel
Interface	Type C power Input
CPU	Quad-Core Cortex-A7
Sensor	Temperature, CO2, Humidity
Microphone	Yes
Speaker	Yes
Protocol	Coss, Zigbee, Wi-Fi
Signal range(open feild)	200mm(CoSS)
Operating System	Android
Color	Black
Body	ABS + Zinc Alloy
Dimension(LxWxH)	143x112x98mm
Weight	850-900gm
CO2 Sensor	0-500ug/m3
PM2.5 Sensor	400-2000ppm
Operating Temperature	-5 to 45 degree
Operating Humidity	5-90%
LED Indicator	9 + 4 16million Colour LED
Voice Control	Yes
App Control	Yes
Communication With Other Device	Yes
